The Southern delegates will at once notify High Price Shaw that the price of delegates is ridiculously low in spite of the increased cost of living.

Of course Cortelyou was elected national chairman at the Chicago convention. No one doubted that the whole cut and dried programme would be carried out.

Paris boasts of a girl who, while blindfolded, can distinguish color by feel. If Parker is elected on the 8th of November he will make Roosevelt feel blue.

The New York *Sun* concludes from the everlasting wagging of Col. Bryan's tongue that it is "hung in the middle and wags at both ends."

Judge Parker is quiet, Senator Gorman is quiet, Mr. Hearst is quiet, Mr. Olney is quiet, Judge Gray is quiet, and Mr. Wall is quiet. All this quietude is ominous. It is the quiet before the storm.

It was the most natural thing in the world to presume that ex-Secretary Root would be Roosevelt's principal rooter at the Chicago convention. The grunters will take the place of the rooters after the 8th of next November.

The Associated Press handled the matter from the Chicago convention in a most admirable and thorough manner as to the proceedings and as to the efficiency and promptness of the service. From 12 o'clock noon to 2:30 A. M. each day from 25,000 to 30,000 words were handled over the wires.

At the anti-Parker convention in New York on Monday night Col. Bryan denounced Judge Parker, but said he would not name his own candidate for the Presidency. The audience, however, heard Bryan's candidate say he wouldn't name his candidate. Col Bryan's modesty must have struck the audience the blow that killed father.

The Republican papers seek to damage Judge Parker's chances by repeating that he is "Hill's man." They do not believe what they say, however. They pretend to know what Hill stands for and are demanding to know what Parker stands for. That shows that they are not satisfied that Parker stands for what Hill stands for.

The fact that the Iowa tariff revisionists, headed by Governor LaFollette, were kicked out of the Chicago convention, and that the high protection crowd, headed by Senator Spooner, were seated, shows which crowd was wanted. LaFollette could have looked into a horse track and seen his finish before he went to Chicago.

Pastor Writes to Correct.

Rev. W. B. Williams, pastor of the Baymead A. M. E. church, writes the STAR to correct what he says is an erroneous version of the recent difficulty by members of his congregation which was aired in Justice Fowler's court Thursday afternoon. He says the church was at peace; the row was from the outside by parties who did not belong to the congregation, nor did they hold positions in the Sunday school. The work of the church, he says, was satisfactorily done. The door was forced open against "the will of the church." He also says the cause of the row was not on account of a division of sentiment as to the pastor, but was precipitated by words spoken by witnesses in behalf of the church. Both parties concerned, he says, left with satisfaction and in good faith. "But the row occurred, as stated, from those on the outside," the pastor adds in a communication to the STAR. His statements are given for what they are worth and with a desire to be fair to both sides.

CONVENTION ECHOES.

New Hanover Delegates Are Returning from Battle Scene in Greensboro.

A VERY TUMULTUOUS AFFAIR.

No Speaker Upon Whatever Mission Could Hear for Outbursts of Enthusiastic Partisans—Anxious and Eager for the Balloting.

Messrs. Herbert McClammy, H. C. McQueen and Sam Bear, Jr., returned yesterday morning from the State Convention, having left Greensboro at 1 o'clock. Messrs. D. McEachern, W. Van Hardin, H. L. Vollers, F. T. Skipper, M. O'Brien, Capt. John Barry, of Wilmington, and Capt. R. W. McKeithan, of Brunswick, and others returned last night. The remainder of the delegation will return to-day. Those who are back report that it was the greatest and most noisy convention they ever saw. The Stedman men, they say, saw that defeat was inevitable from the first, but the Greensboro man's friends rallied to his standard to the last. It was a tremendous crowd and friends of both the leading candidates frequently gave vent to their feelings as one after the other county was called. But, withal, the returning delegates say, the rivalry was good natured. It was well nigh impossible to hear anything in the convention hall from the first. Even as the eloquent Dr. Battle of Greensboro, was invoking a Divine blessing at the opening of the session in the early afternoon, it is said that delegates shouted to him through megaphones: "Louder! Louder!!" They were anxious, eager, nervous, in anticipation of the actual balloting, and in no humor for speech-making or preliminaries.

Hon. Jno. D. Bellamy, of Wilmington, was chairman of the Credentials Committee. It reported at the night session, after some delay, that the 97 counties of the State were represented by 1,250 duly accredited delegates. The original statement of the delegates in the convention was to the effect that the convention would be composed of 1,244 delegates. The committee gave Moore, Pamlico, Randolph and Stokes, one more vote each and Wilkes two more votes. A vote of 626 was therefore required to nominate. The report was unanimously adopted.

The strength of Doughton in one or two of the ballots came from Johnston county but was not counted, as his name had not been brought before the convention.

New Hanover county never wavered through it all, its 20 votes having gone solidly for Stedman. The delegates indulged in no coquetting with the minority leaders.

CHANGE IN BUSINESS.

Mr. J. D. Nutt's Drug Store Sold to Mr. D. Archie Bulluck.

A transaction of interest and importance in the local business world yesterday was the sale by Mr. J. D. Nutt to Mr. D. Archie Bulluck of his long-established drug store, good will, etc., at No. 220 North Front street. The trade had been pending a day or two, but not until yesterday was it consummated, Mr. Bulluck having taken charge at 2 o'clock in the afternoon. Mr. Nutt has not yet decided what he will do, but being an enthusiastic Pythian and especially qualified for the work, his friends are urging Grand Chancellor Robertson to appoint him to the position of Deputy Grand Chancellor of North Carolina, an office provided for with a good salary at the late session of the Grand Lodge in Winston-Salem. However, Mr. Nutt will make no announcement of his business engagements for the present.

Mr. Bulluck will continue the business at the same stand until July 1st, when he will remove to 313 North Front street, the store formerly occupied by the Electrical Supply Company, about the middle of the block in which the Y. M. C. A. building is situated. Mr. J. T. Cowan, a popular young pharmacist, formerly with Mr. Jos. C. Shepard, will be associated with Mr. Bulluck in the new business after 15 days. The style of the firm has not been decided upon. They will purchase an entire new line of drugs and sundries and will have the new store overhauled and fitted up in the most approved style. During the Summer Mr. Ernest Bulluck will be with his brother in the store. The business has been established for nearly 20 years and the new proprietors will make a success, there appears no doubt.

CAROLINA YACHT CLUB OPENING.

Formal Event on the Seashore Last Night Gave Pleasure to Many.

The formal opening of the Carolina Yacht Club at Wrightsville Beach last night was enjoyed by a large number of club members, their families and lady friends. An elegant repast served by Mrs. W. H. Northrop, and a ball which continued until a late hour were among the chief features of the opening. The house was very prettily decorated with flags, bunting and club colors and brilliantly lighted. Thronged with guests and resonant with their manifestations of enjoyment, the club house made a pretty scene. Late cars brought a number of attendants back to the city.

The committee on arrangements was composed of Commodore John K. Williams, Fleet Captain John VanB. Metts and Commander E. Payson Willard.

GUN CLUB'S TOURNAMENT.

Mr. J. T. King Winner of the Monthly Shooting Contest—F. O. Empie, Esq., Led Yesterday Afternoon.

Warren a close second, in a score of 98. Of course, the handicap allowed was taken into account in determining the winner of the contest.

MR. DAVID L. BOYLAN DEAD.

Well Known Pender County Citizen Dead. Funeral This Morning.

Friends will regret to learn of the death of Mr. David L. Boylan, father of Messrs. Geo. S., D. D. and J. E Boylan, of Wilmington, which occurred at 4 o'clock yesterday morning at his home in Pender county. He was 66 years of age. Deceased was a Christian man and stood high in his community. He was a brave Confederate soldier. Besides those named above, he also leaves the following children: Mrs. M. T. Craig, of Southport; Mrs. J. C. Padgett, of Rocky Point; Mrs. J. C. Menix, of Charlotte, and Mr. E. K. Boylan, of Savannah.

The funeral will be conducted to-day and the interment will be in the family burying ground near Lane's Ferry, Pender county.

Three Excursions Yesterday.

The Mount Olive and Conway excursions together yesterday brought only about 500 people to the city and beaches. They returned last night. The Seaboard Air Line excursion from Columbia, S. C., arrived at 2:45 P. M., bringing a mixed crowd of 250 persons, who will leave this afternoon. A majority of the white excursionists, who occupied separate coaches, went down to the beach upon their arrival.

A dip in the ocean these hot afternoons is a pleasure beyond compare—car every half hour in the afternoon.

GLENN NOMINATED.

After Strenuous All-Night Struggle the Winston Man Captured the Honor.

THE PLATFORM ADOPTED.

National Delegates Appear to Be for Parker—Winston Defeats Morton and Brown—Hoke for Associate Justice—Notes.

[*Special Star Telegram.*]

GREENSBORO, N. C., June 24.—Glenn was nominated on the fifth ballot this morning at 2:45 o'clock, receiving 651 votes. Stedman received 418, Davidson 110, Turner 69. Glenn made a splendid address of ten minutes in accepting the nomination. Turner was called and made a right witty speech. Davidson and Stedman did not appear in the hall. After this the convention adjourned at 6:30 to meet again at 10 o'clock. The State officers were nominated at the session beginning at 10 o'clock, Hon. F. D. Winston having captured the Lieutenant Governorship; Hoke the Associate Justiceship and Rogers having been nominated for Corporation Commissioner.

The vote for Lieutenant Governor was: Morton, 212; Brown, 232.5; Winston, 805.95. Associate Justice: Justice, 492; Hoke, 759.7. Corporation Commissioner: Rogers, 848; Alexander, 397.

A resolution offered by H. B. Varner was adopted, giving the executive committee the power to make the delegation smaller. The crowd this year was too large and noisy.

A resolution was adopted authorizing the delegation to the National Convention to hold a caucus and vote solid on all questions.

The platform was a review of the present State administration and an arraignment of the administration of President Roosevelt.

Electors at Large, Frank S. Spruill and W. A. Self. Delegates at Large to National Convention: E. J. Hale, Locke Craige, Julian S. Carr and J. E. Woodard; alternates, C. O. McMichael, J. A. Lockhart, C. B. Watson and Kope Ellis. The convention adjourned at 3:10 this afternoon.

[By Associated Press.]

RALEIGH, N. C., June 24.—At 5:45 o'clock this morning, just before adjournment of the prolonged night session, Robert B. Glenn was nominated by the Democratic convention for Governor of North Carolina. He was chosen on the fifth ballot, and amid scenes of indescribable confusion, cheering, hurrahing, waving of hats, coats and banners, the nomination was made unanimous.

On the reassembling of the convention at 10:15 this morning, the delegates at once proceeded to the business of nominating the other State officers with the following results:

Lieutenant Governor—Hon. Francis D Winston.

Associate Justices of the Supreme Court—W. A. Hoke and George H. Brown, Jr.

State Auditor—B. F. Dixon.

Treasurer—B. R. Lacy.

Secretary of State—J. Bryan Grimes.

Superintendent of Education—J. Y. Joyner.

Commissioner of Labor and Printing—H. B. Varner.

Corporation Commissioner—S. L. Rogers.

Commissioner of Agriculture—S. L. Patterson.

Dixon, Lacy, Grimes, Joyner, Varner, Rogers and Patterson were all renominations.

For associate justice the names of M. H. Justice and W. A. Hoke were both presented, but Hoke won out on the first ballot.

Geo. L. Morton, of Wilmington, was placed in nomination for lieutenant governor, but it took only one ballot to decide this contest also, the result being Winston's election.

The delegates at large are: Julian S. Carr, Durham; Locke Craig, Asheville; Jno. E. Woodard, Wilson; E. J. Hale, Fayetteville.

The presidential electors are F. S. Spruill, of Franklin, and W. A. Self, of Catawba.

A resolution was passed by the convention instructing the delegates to the National convention to vote as a unit on all matters coming before them; but otherwise the members will go uninstructed.

A resolution demanding a division of the school fund between the races, on the basis of taxation, was killed by an overwhelming vote; the Democracy of North Carolina thus placing itself on record as favoring in every possible way the education of the negro and offering him equal facilities with the Caucasian.

The platform adopted after brief reference to the settling of the races problem by the passage of the constitutional amendment, has this to say of the South Dakota bond suit.

"The Democratic party of 1904 approves the settlement made in 1879 and will forever oppose any and all attempts from any quarter to set aside the settlement then made. It will abide the mandates of the courts, but it will not consent to reopen the settlement that was alike creditable to the State and fair to the holders of its securities."

It then speaks of national policies thus:

"We condemn the President for his surrender to trust influences and for his failure to enforce the law against monopolies and monopolists. Congress appropriated $500,000 to employ special counsel to enforce the law against trusts. In twelve months he expended for such purpose only one-twentieth of that sum. In the midst of crime and havoc committed by these wrong-doers, he will not stop the violation of statutes enacted for the protection of the people, nor punish the criminals who plunder them, although his attention was called to the manner in which the perpetrators might be punished by recent decisions of the supreme court.

"We denounce the present iniquitous, unjust and trust creating protective tariff imposed upon the people by the Republican party and demand its immediate revision, to the end that all the unjust burdens shall be removed, and especially those upon the necessaries of life and those that enable the trusts to extort from the people unreasonable profits and to sell their products to consumers at home at greater prices than are charged for the same goods to the foreign consumer.

"We view with alarm the growing tendency of the government under Republican administration toward despotic centralization at home, as well as despotic imperialism abroad. We denounce the policy of the Republican party in building up a strong centralized government at Washington at the expense of the sacred rights of the sovereign States; that which in its policy and conduct has reversed the clause of the constitution reserving to the States all rights not specifically conferred upon the Federal government, and has assumed for the central government at Washington the vast residium of power solmnly guaranteed to the people by the constitution."

The committee on platform and resolutions at the convention reported favorably a resolution endorsing the candidacy of Judge Parker. There was opposition and division in the convention to any endorsement or instruction for any one and the friends of Judge Parker withdrew the resolution. Senator F. M. Simmons declared that Parker was the man to elect, but in view of the conditions in the convention urged the withdrawal of the resolution. Before Senator Simmons spoke Democratic National Committeeman Josephus Daniels urged that it was unwise to endorse or instruct and insisted that the resolution be withdrawn. This, however, is not to be construed that North Carolina will not support Judge Parker, as the delegation is quite "Parkerish."

WILLIAM H. BERNARD.

WILMINGTON, N. C.

SATURDAY MORNING JUNE 25.

THE NEGRO QUESTION A NATIONAL ISSUE.

Roosevelt stands on a Crumpacker platform. Can any man who has Southern blood in his veins be apostate enough to vote for Roosevelt and what he stands for? If so, he ought to bag his head as an evidence that he has not hopelessly lost self-respect.

At each recurrent session of Congress the infamous Congressman Crumpacker, of Indiana, has introduced a resolution looking to the overthrow of the suffrage amendments to the constitutions of certain Southern States, or with a view to the reduction of our representation in Congress as a vindictive retaliation for the constitutional measures that have been employed to protect those States from negroism and to preserve civilization itself in this section of the United States. Fortunately enough Republicans in Congress have opposed the Crumpacker efforts as to sidetrack this infernal movement and the country has been spared the unrest and bitter sectional feeling which it would arouse. That Roosevelt has sympathized with the Crumpacker villainy and encouraged it is evident from the fact that it is made an issue in this campaign. The following is one of the planks adopted in the National Republican platform at Chicago:

We favor such congressional action as shall determine whether, by special discriminations, the elective franchises in any State has been unconstitutionally limited, and, if such is the case, we demand that representation in Congress and in the electoral colleges shall be proportionately reduced, as directed by the constitution of the United States.

Heretofore this disturbing element in the politics of the country has been avoided by conservative Republicans who foresaw the turmoil it would cause. However, the plank adopted at Chicago now commits the Republican party to the reduction of Southern representation both in Congress and in the electoral college. The issue is therefore up to the American people and it is to be a disturbing factor in the hoped for peaceful settlement of the Presidential election. We have heretofore noted that the Roosevelt administration has had a tendency to disturb the era of good feeling between the sections, and now we have the accidental president and dangerous partisan precipitating and emphasizing the negro question as an issue in the campaign.

The South is ready to meet the issue and will stand by their suffrage amendments if they are deprived of every representative in both branches of Congress. If the people of the North will elect Roosevelt and give success to his party in carrying out their scheme, we can judge whether sectionalism has died out or not.

Senator Lodge, constructor of the national platform, under the supervision of Roosevelt, fathered the so-called "force bill" in the Senate. It is not hard to conceive the amount and seriousness of the devilitry that Roosevelt, Lodge and Crumpacker will kick up if their party wins this fall.

WILL THE PEOPLE SWALLOW IT?

The tariff plank in the Republican national platform will please the protected crowd. The revision sop which goes along with it is not sufficient to even give a fly any trouble if he should light in it. The voter who expects revision of the tariff at the hands of the Republican party would go up against a shell game.

The tariff plank, after "standing pat" on protection in a way to suit the extremest of the extreme protectionists, says:

"Rates of duty should be readjusted only when conditions have so changed that the public interest demands their alteration, but this work cannot be safely committed to any other hands than those of the Republican party. To entrust it to the Democratic party is to invite disaster."

If the people of the United States expect any relief from tariff burdens under the above promise, they will find the Republicans of the opinion that the public interests demand no alteration. Let "stand pat" and "let well enough alone" are still the slogans of the Republican party and not a schedule that gives the trusts the power to despoil the people will be touched.

As to trust-busting, the platform says:

Combinations of capital and of labor are the results of the economic movement of the age, but neither must be permitted to infringe upon the rights and interests of the people. Such combinations, when lawfully formed for lawful purposes, are alike entitled to the protection of the laws, but both are subject to the laws, and neither can be permitted to break them.

With an assurance like the above, the combinations and trusts will never be afraid to come up and eat out of the trust buster's hand. The words "neither can be permitted to break them," is quite different from the promise that should have been made to the people, that neither shall be permitted to break them and that every power of the government will be used to see that they shall reap the penalty if they do.

If the people are willing to be bled still further they can retain the Republican party in power, for it promises to subsidize shipping as well as keep up a high protective tariff, for that would be a necessity under such a steal as the ship subsidy would be.

With the Republican platform carried out to its analysis, the people need not expect any relief. On a sane platform, we cannot see why the Democracy, with Parker as its candidate for President, cannot go before the people as their only chance to free themselves from the extravagance of Republicanism and the recklessness of Rooseveltism.

The Filipino commission was brought to the United States to impress them with the overwhelming advantage of belonging to this country, to see what a fine government we have, and to so convert them by our methods and policies as that they would go home and satisfy their people. To the surprise of the Washington authorities the Filipinos have been strengthened in their desire for independence and in their opinion that they can manage their own affairs quite as well as this country can.

CURRENT COMMENT.

—— The Beveridge Vice-Presidential boom doesn't seem to have even been taken out of the excelsior.—Chicago Record-Herald.

—— According to the Governor's Milwaukee organ, there are mighty few prominent men in the Republican party who would not suck eggs. —Milwaukee Sentinel.

—— No man ever dominated a national convention of his party as its chief beneficiary dominates this one. In this respect it is a unique and epochal event.—Boston Herald.

—— Little credence will be given to the dying statement of Miss Katherine Miller, of Fredericksburg, Pa, that she killed her mother, brother, sister and niece about forty years ago. She was over 83, and her death, it is said, was due to senile debility. There will be no official investigation, of course—unless there is "something in it" for the investigators. — Brooklyn Citizen.

—— The press of the country has circulated very generally a report representing Cardinal Gibbons as taking flat issue with the Pope on the subject of music to be used in Catholic churches, and the approved method of singing in church services. The cardinal now gives explicit denial to the report, saying that so far from disagreeing with His Holiness on this matter, he warmly commends and appreciates his views.—Augusta Chronicle.

Flipper—You don't seem to see any good at all in the pension list. Flapper—Yes, I do. If it keeps on growing the government will soon be able to use it as a census report. —Town Topics.

— "You sleep with one eye open, sire?" said the other bandit. "Even so," replied the gentlemanly Raisuli (a sad wag in his way); "you see, I have to keep one Ion Perdicaris."—Albany Argus.

— "If you were married," said the Summer girl, "would you believe everything your husband told you?" "No," answered Miss Cayenne, "but for the sake of peace in the family I'd make him believe I believed it." —Washington Star.

COTTON MARKETS.

By Telegraph to the Morning Star

NEW YORK, June 24.—The cotton market opened steady but somewhat irregular at an advance of two points to a decline of two points, the gains being in response to better cables than expected while the South continued a moderate seller of new crop positions. The local opening was not as good as warranted by the cables, but Liverpool continued to show firmness, and soon after the call there was a sharp return here under covering, which was also promoted by the talk of too much rain in Texas and two little in Alabama and Mississippi. July was advanced from 10.40, the opening price, to 10.60; August, which had opened at 10.30 and sold off to 10.28, rallied to 10.46, while October sold up to 9.62 and December to 9.61, with the general list showing net gains of from thirteen to twenty-two points. But the demand seemed chiefly from smaller shorts and soon before midday the market weakened under liquidation. Trading had been fairly active on the bulge, but became less so during the middle session, and while there seemed to be no very aggressive pressure against the market, prices gradually sagged off to about the final prices of the previous day on all months except July which continued about five to six points higher. Toward the close trading picked up a little, but the market showed little further change, finishing the day with prices net three to seven points higher with the tone quiet and steady. Sales were estimated at 150,000 bales. After the early advance trading seemed to be mostly of an evening-up character, preparatory to the closing of the market for over Sunday and was largely local in character, though wire houses with Southern connections were moderate sellers. Crop accounts were generally favorable and the weather map fairly so. Exports were full again, exceeding port receipts by a considerable margin while the into sight for the week was smaller than expected.

SPIRITS TURPENTINE.

— Durham Sun: The Democrats will have time to hunt up the record of the Republican candidate after their trouble at Greensboro is over.

— Greenville Reflector: "No, the agony will not end when the state convention is over. The squabble will then wax warm for places on the county ticket.

—The report of the sheriffs of the various counties to the corporation commission shows that in North Carolina there are 828 lawyers, 1,278 physicians, 289 dentists, 116 photographers, 355 hotels 9,132 merchants and 1,064 corporations.

— Captain Wainwright, a retired United States navy officer, has been spending several weeks at Pilot Mountain, gathering insects for the Smithsonian Institute. He is a cousin to Lieutenant Wainwright, who was on the United States battleship Maine when she was blown up at Havana.

— Charlotte Chronicle: The selection of Mr. H. N. Pharr, of the Charlotte bar, as one of the delegates from this district to the Democratic national convention is a worthy compliment to one of the best men in the party. Mr. Pharr can be depended upon to do the right thing always, as he sees the right.

— Ronanoke News: The three banks of this community show individual deposits as follows: Bank of Weldon, $125,052.23; First National Bank, $101,339.18; Bank of Enfield, $93,900.63. Total deposits, $420,292.04, and total resources of $525,912.69. It would appear that there is some life in the old land yet.

— The Southern Bell Telephone Company announced at Charlotte, on Thursday afternoon, the purchase of the independent line, the Charlotte Telephone Company. The disposition of the old company was not made public, but it is known that Charlotte will soon have but one system. It is assured that rates will not be raised because of the monopoly.

— At Raleigh, on Thursday, the stockholders of the Hood Rerailer Company, a corporation with $30,000 capital, organized for the purpose of manufacturing and selling a device for rerailing cars, elected the following officers: President, V. C. Tompkins; secretary, H. A. Morsonon; treasurer, W. T. Younger; attorney, V. H. Boyden; manager, John W. Hood.

—At Pilot Mountain on Wednesday Sheriff Davis forced the Southern Tobacco Company into bankruptcy, and locked up the door. Immediately after the officer departed Mr. Sid. Venable, a stockholder in the company, broke oben the door to take posession of the property. The sheriff 'phoned to the authorities to guard the building during the night that no further trouble occur. The opinion is that Mr. Venable will be dealt with severely.

—Scotland Neck Commonwealth: We are informed that a cotton seed oil mill is assured for Scotland Neck this year. The machinery has already been purchased and will be shipped July 20th. It will come from the Hardie-Tynes Manufacturing Co., of Birmingham, Ala. The promoters of the enterprise are Messrs. Jno. Coughenour, J. D. Steward, Hertford, N. C., M. Hoffman and others. The plant will be located some where near the depot and will be ready to handle this year's product. The mill will be 40-ton capacity and will be modern and up-to-date.

— Charlotte Observer: While a well was being cut recently upon the lands of George W. Fort, three miles from Wadesboro, a seam of coal was uncovered about thirty feet below the surface. It is in a section of Anson county where sweet springs, blue granite and other accessories have promoted the belief for fifty years or more in the presence of heavy deposits of coal. The quality of this coal, whether anthracite or bituminous, is for experts to determine. It is in the sandstone drift which lies from northeast to southwest, traversing Chatham in part and outcropping everywhere in the half of Anson county above the latitude of the county town.

— At a meeting of the Third Congressional district delegates in attendance on the Democratic State convention at Greensboro, on Thursday morning, W. W. Clark, of Craven county, whose Democracy was denounced by the executive committee of his county, made an eloquent appeal in his own behalf asking forgiveness for past errors and promising his best efforts in behalf of Democracy in the future. He said he would vote the ticket from town constable to president. After Clark's confession it was agreed not to contest his eligibility as delegate to the convention. Clark's emotion caused great surprise to those who heard him make his promise in the sole behalf of Democracy.

Can anything be worse than to feel that every minute will be your last! Such was the experience Mrs. S. H. Newsom, of Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters, and the result was miraculous. I improved at once, and now I'm completely recovered." For Liver, Kidneys, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by R. R. BELLAMY, druggist.

Dr. PIERCE'S FAVORITE PRESCRIPTION FOR WEAK WOMEN.

— Miss Julia Sharp, the youngest daughter of Col. Thomas R. Sharp, died early Thursday morning of a pistol wound at the Sharps' home near Sharp's station, N. C. The fatal ball entered just above and to the rear of the right ear and lodged in the forehead. Death followed almost instantly. A negro servant had left the room just prior to the time the shot was fired. The young woman, with her mother and sister, lived practically alone, the husband and father being away the better part of the time. She was a splendid shot and horse woman, but was a little careless with her dangerous weapon, her pistol discharing prematurely several days ago while she was preparing to kill a fowl. The young woman generally slept with a pistol under her pillow and on arising in the morning generally placed it on the bureau for safety. It is presumed that the weapon was discharged while she was transferring it from the bed. A small house party consisting of Danville ladies was spending a few days at the Sharp home at the time. Miss Sharp's mother had just called to her to rise and dsess when she heard the report that resulted in her daughter's death.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, of Benterville, Va., serves as example. He writes: "I had bronchitis for three years, and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by R. R. BELLAMY, druggist. Trial bottles free; regular sizes 50c and $1.00.

The Use of Borden's

Eagle Brand Condensed Milk insures strong, healthy children, as reputable physicians testify. Those who use it for their babies are spared the dangerous disorders of infantile digestion; their children mature as they should in weight, size and health. Beware of unknown brands.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. The Morning Star

WILMINGTON, N. C.

SATURDAY MORNING JUNE 25.

FIRE AT THE WORLD'S FAIR IN ST. LOUIS.

"House of Hoohoo" Destroyed With Contents—Loss Estimated at $60,000. Other Buildings Endangered.

By Telegraph to the Morning Star.

ST. LOUIS, June 24.—Fire, which threatened for a time to destroy many buildings at the World's Fair to-day, consumed the "House of Hoohoo," rendering the building and contents a total loss. So quickly did the flames spread that the five occupants of the building, all on the second floor, barely had time to escape with their lives, being compelled to climb down a tree. The loss on the building and contents is estimated at $60,000. The fire is supposed to have started from an electric light wire.

The alarm was answered by the entire World's Fair fire department and by eight engine companies of the city department. All efforts were directed toward saving the Texas, German, Oregon, and Mines and Metallurgy buildings, all of which were threatened with destruction on account of flying sparks. All were saved without loss or damage.

The "House of Hoohoo" was one of the first buildings finished for the exposition. It was erected by the lumbermen of the United States, but under the control of the local board of the order of Hoohoo. It was divided into many rooms, constructed of different kinds of fine and expensive lumber. Aside from this, there were specimens of rare woods, which were valued highly. It has not been decided yet whether to rebuild.

There were thirty black cats in the building at the time of the fire and these are believed to have perished.

Fearing the Texas building would be destroyed women of that State worked heroically to save precious relics of early history. Sheets were torn from the beds in the building and used to carry the relics to places of greater safety. One point of the star-shaped building of Texas is within 75 feet of the "House of Hoohoo," and in the large first floor room of this point the relics have been on exhibit. They include pictures, books, papers and various articles identified with the early history of the State and are priceless.

Nothing but the fact that the wind was not blowing toward the Texas building saved it.

DEMONSTRATION OFF PORT ARTHUR.

General Land Action With Naval Attack by Japs Believed to Have Taken Place.

GENERALS OKU AND KUROKI.

Two Japanese Armies Reported to Have Joined Forces and Are Moving to Attack the Russians Under General Kuropatkin.

By Cable to the Morning Star.

CHICAGO, June 24.—A special to the "Daily News" from Che Foo, says:

"Another demonstration took place off Port Arthur yesterday. Firing began from the forts about 10 A. M., and continued till 1 o'clock P. M. The programme was about the same as on previous day. The destroyers and torpedo boats pursued the same tactics and an auxiliary cruiser lay off the Islands until the firing had ceased, when it proceeded eastward at full speed.

"At 8:30 the same evening firing began heavily from the bluff, with much activity of the search lights, indicating the approach of torpedo craft. A little later the sound of more distant firing was heard, evidently from the land side of Port Arthur, continuing until 2:30 this morning, with a brief renewal at 5 A. M. During that period there was an almost uninterrupted thunder as of field guns and volley firing, punctuated with crashes as of siege guns.

"It is probable that what took place was a general shore action with a naval demonstration. It seems as though the Japanese intend to wear out the defenders by continued night activity before making a simultaneous sea and land attack."

Japs Attacking.

LIAO YANG, June 24.—It is reported that Generals Oku and Kuroki have joined forces and are attacking from the direction of Vafangow. There is talk of a serious engagement shortly. It is also rumored that the Japanese forces which were recently advancing in this direction have fallen back on Feng Wang Cheng.

CHE FOO, June 4.—Heavy firing was heard in the direction of Port Arthur during several hours last night and this morning.

GENERAL KUROKI'S HEADQUARTERS, via Funsan, June 23, (Delayed in transmission.)—A Russian cavalry division, commanded by General Rennekampff, opposes the Japanese right flank. The country is mountainous and almost impossible for cavalry operations, although it is ideal for infantry movements, hence the cavalry forays upon which the Russians have greatly depended to harass the Japanese have proved ineffective.

Russian Reports.

ST. PETERSBURG, June 24. — The general staff has received the following general telegram from General Sakahoff, date of June 23:

"At nightfall on the 22d the Japanese vanguard occupied a line four miles north of Sehnchen, which extended from the seashore to the mountains through the villages of Siangpaitse, Tangtsin, Litsiatung, Yongtsanatung and Wangsiaoshang. They established a heliograph station on the heights of Litsiatung. A cordon of infantry with quick-firers covered their left flank.

"A Japanese patrol endeavored unsuccessfully to penetrate our outposts. The night passed quietly.

"On the morning of June 23, the Japanese resumed the advance, their front extending from Travaja to the Kantak river. Japanese warships were seen off shore.

"Our vanguards on June 21-22 checked the enemy along the roads from Siu-Yen to Hai Cheng. Lieutenant Enberis and three Cossacks were wounded.

"The Japanese, June 22, had not moved out of the Chapan pass.

"There is no particular change in the situation on the Feng Wang Cheng side with the exception that the enemy has been strengthened and is building fortifications near the Kaipa pass, twelve miles to the southwest, and is also making roads from Feng Wang Cheng in the direction of Selulchang.

Will Not Give Battle.

ST. PETERSBURG, June 24.—To-day's news from the theatre of war indicates that General Kuropatkin will not give battle to the combined armies of General Oku and Kuroki near Kan-Chou. Doubt is now cast upon the impression prevailing for several days that the bulk of the Liao Yang army had been advanced southward though it may be that General Kuropatkin is concentrating his forces in the neighborhood of Hai-Cheng. The only thing that can be stated with certainty is that the information received by the war office shows that General Kuropatkin has no intention of seriously contesting the Japanese advance on Kai-Chou, which would seem to carry with it the decision to practically abandon the entire peninsula to the enemy, and as a necessary consequence the withdrawal of the Russian troops from New Chwang.

Military critics approve of General Kuropatkin's decision not to fight at Kai-Chou, which they point out is a particularly unfavorable position, exposed to a flank attack from Kuroki on one side and to a possible landing at New Chwang on the other. The Japanese forces engaged in this movement are estimated at 150,000 men and an enormous number of guns.

Naval Engagement.

TOKIO, June 25, 10:35 A. M.—It is reported that the Port Arthur fleet came out of the harbor Thursday and engaged the Japanese fleet.

Warships Damaged.

TOKIO, June 25.—Admiral Togo reports an engagement at Port Arthur last Thursday in which a battleship of the Peresviet type was sunk and a battleship of the Sevastopol type and a first class cruiser of the Diana type were damaged. The Japanese fleet was practically undamaged.

THE SLOCUM DISASTER.

Total of Recovered Dead Now Number 912.

The Relief Fund.

By Telegraph to the Morning Star.

NEW YORK, June 24.—The Federal grand jury will meet on Thursday next to investigate the disaster to the steamer General Slocum. By that time the coroner's inquest will have been concluded.

To-day the water was pumped out of the wrecked steamer and two bodies, very badly burned, were found on the main deck of the boat. This made five bodies in all found during the day, bringing the total of recovered dead up to 912, of which 824 have been identified.

More than $100,000 have been subscribed to the relief fund.

CHANGES IN PRESIDENT ROOSEVELT'S CABINET.

Wm. H oody, Attorney General; Paul Morton, Secretary of the Navy; Victor Metcalf, Secretary of Commerce.

By Telegraph to the Morning Star.

WASHINGTON, June 24.—A sweeping change in the cabinet of President Roosevelt was announced officially at the White House to-day. The announcement came in the form of a brief type-written statement, issued by Secretary Loeb, as follows:

The following cabinet appointments are announced:

William H. Moody, of Massachusetts, attorney general.

Paul Morton, of Illinois, secretary of the navy.

Victor H. Metcalf, of California, secretary of commerce and labor.

The resignations of Secretary Cortelyou and Attorney General Knox have been accepted, to take effect July 1st.

For two weeks or more it has been known that these changes were impending. When Secretary Cortelyou was selected by President Roosevelt to be his campaign manager, it was certain that he would retire from the cabinet upon his assumption of duties as chairman of the Republican national committee.

Just before he left for Chicago last Wednesday he placed in the hands of the President his letter of resignation from the Department of Commerce and Labor, to take effect at the end of the present fiscal year, June 30th.

One week ago to day Attorney General Knox formally announced that he would retire from the Department of Justice, probably at the end of the fiscal year. It was understood at the same time that Secretary Moody would succeed Mr. Knox as attorney general.

President Roosevelt tendered the appointment of secretary of the navy to Paul Morton, first vice president of the Atchison, Topeka and Santa Fe railroad. Mr. Morton is a personal friend of the President of many years standing. He is a son of the late J. Sterling Morton, of Nebraska, secretary of agriculture in President Cleveland's last administration.

Since President Roosevelt has been in the White House he has made more than one effort to induce Mr. Morton to accept a position in his administration. Feeling that his life work in the railroad business, in which he has achieved success, might be impeded by his acceptance of an official position in the government, he uniformly has declined such offers as he did the proffer of the portfolio of the navy. He was requested by the President to reconsider his declination. Last night he took dinner at the White House and the whole subject was considered, after Mr. Morton had discussed it with his personal and business friends and associates. At the conclusion of the conference, Mr. Morton told the President he would accept the position in the cabinet.

It is expected that further changes will take place in the cabinet next Winter.

Postmaster General Payne probably will retire from the cabinet after the campaign. He will be succeeded by National Chairman Cortelyou. Secretary Moody will continue as a member of the cabinet only until the end of the present administration on the 4th of March next, when he will retire to enter upon the practice of law in Boston.

The correspondence between the President and Mr. Knox was made public to-night. In tendering his resignation to the President, Mr. Knox expressed his "unfeigned respect and admiration for the lofty purpose and splendid courage you have ever manifested, which has inspired and sustained your cabinet in their efforts to promote the public welfare by effecting the wise policies of your administration."

The President in reply says:

"Many great and able men have preceded you in the office you hold, but there is none among them whose administration has left so deep a mark for good upon the country's development. Under you it has been literally true that the mightiest and the humblest in the land have alike had it brought home to them, that each was sure of the law's protection while he did right, and that neither could hope to defy the law if he did wrong. In what you have done you have given proof not merely of the profound learning of the jurist, but of the bold initiative and wide grasp of the statesman. You have deeply affected for good the development of our entire political system in its relations to the industrial and economic tendencies of the time."

TUNNEL CAVED IN.

Track of the Southern Railway at Pine Mountain Blocked.

By Telegraph to the Morning Star.

COLUMBUS, GA., June 24.—With a crash forty feet of the Southern Railway tunnel at Pine Mountain near Warm Springs, caved in at 1 o'clock this morning, blocking the track. The cause of the cave-in is a mystery as no train was passing to jar the earth. Several weeks ago the wood work in the tunnel burned and in replacing it only the stoutest timbers were used and the top of the tunnel was thoroughly cribbed.

Workmen are now clearing the track. Passengers were transferred to-day. It will be two or three days before trains can go through the mountain again.

It is reported that an explosion was heard near the mountain about the time of the cave in and this has given rise to the theory that the tunnel was wrecked in this way by some evilly disposed person.

A SERIOUS ACCIDENT.

Two Men Scalded on the Torpedo Boat Biddle at Hampton Roads.

By Telegraph to the Morning Star.

NORFOLK, June 24.—While undergoing a test in Hampton Roads to-day, the United States torpedo boat Biddle, Lieutenat Marshall in command, had a serious accident; a boiler tube blew out, perhaps fatally scalding Fireman Warren and Water Tender O'Donnell. Both men were frightfully burned, the skin peeling from their arms and bodies. They were hurried to the naval hospital at Portsmouth.

In testing recently four torpedo boats in Hampton Roads, the Ericcson, the Foote, the Delong and the Biddle, accidents of a more or less serious nature have occurred on all of the vessels but the Ericcson.

URUGUAY REVOLUTION.

Victory Over Insurgent Forces Won by the Government Troops.

By Telegraph to the Morning Star.

MONTEVIDEO, URU., June 24.—The government has received information that a victory over the insurgents has been won by Colonel Galaiza in command of the government troops at Cerro Largo (305 miles from Montevideo). The fighting continued for a day and a half. Six hundred of the insurgents were killed or wounded, and the government cavalry pursued the defeated army.

THRILLING TRAGEDY IN DETROIT, MICH.

Woman Struggled With a Man Who Attempted to Throw Her from a Window.

AT TOP OF A SKY-SCRAPER.

Falling in This the Man Shot the Woman Twice, Then Threw Himself from the Window and Was Dashed to Death Below.

By Telegraph to the Morning Star.

DETROIT MICH., June 24.—A small private office in a suite on the eleventh floor of the Chamber of Commerce building on the corner of Griswold and State streets, was to-day the scene of a most thrilling tragedy when Charles A. Swayse, an insurance agent, fought with Miss Effie Alverd for several minutes in an attempt to throw her out of the window, then shot her twice and then plunged himself out of the window to the brick pavement of State street, being almost instantly killed. Miss Alverd was shot twice in the neck and badly beaten about the head and face by Swayse, but her physician said to-night that she is not dangerously hurt. Every bone in Swayse's body below his neck was broken by his fall of 165 feet. Despite the terrific fall, a faint flicker of life remained when he was picked up, but it went out as his broken body was being carried into the lobby of the building.

Back of the tragedy lies a tale of intimacy between Miss Alverd and Swayse who was 51 years old, married and the father of two young daughters. Both Miss Alverd and Swayse were for several years, prior to November, 1902, employed at the house of correction here, Swayse as a deputy superintendent and the woman as a matron. In a letter found on Swayse's body he charged that the woman tempted him while they were at the house of correction and he fell. Their intimacy resulted, Superintendent McDonald of the institution says, in neglect of their work and both were discharged. Swayse then entered the employ of the life insurance company in whose office the tragedy occurred. Miss Alverd had several positions and then entered the employ of a sewing machine company. To-day she drove up in an automobile to the Chamber of Commerce building with J. D. Terry, also employed by the same sewing machine company. She went up to the insurance office on the eleventh floor where she and Swayse entered a small private office at the front of the building, Swayse locking the door after them. Angry words were heard, then a struggle and screams. Next, several shots were heard fired, and employes of the office broke in the door. The woman's screams were heard on the street and her companion, Terry, had hurried up in the elevator and arrived in time to be the first man to rush into the room. Miss Alverd lay on the floor, her clothing torn, blood running from the bullet wounds in her neck and her hair down and dishevelled. The window was open and through it could be seen Swayse's face above the window-ledge, to which he was clinging with his hands. The face was there only a moment, then the hands slipped across the ledge and Swayse was hurling down through the air to his death.

It is not clear whether or not Swayse deliberately climbed out on the ledge to commit suicide or had crawled out and dropped his legs and body over in an attempt to work his way down the front of the building and escape into an office on the floor below. Miss Alberta Burns, who is employed in a building a block below the chamber of commerce, saw the desperate struggle between the couple from her office window. Swayse, she says, made two attempts to throw the woman from the window. Once he lifted her by her feet and succeeded in getting part of her body through the window, when she broke away from him. Then he grabbed her about the waist and again tried to throw her to the street. Again she broke away. Then he attacked the woman and pounded her about the head, finally drawing his revolver and shooting her. Swayse then crawled upon the window ledge, and Miss Burns says, let his body down until his feet seemed to rest on something, possibly a narrow edge a few feet below the window. Here he hung for a few seconds, then his head fell back, his hands lost their grip and he whirled through the air out of Miss Burn's range of vision.

The chamber of commerce is situated in the heart of the business portion of the city and hundreds of people on the street heard Miss Alverd's cries for help as she struggled with the infuriated man. They also saw Swayse's body strike the pavement.

They are still elements of mystery in the case. At Miss Alverd's boarding house it is stated that she and J. B. Terry are married. This Miss Alverd denied to a physician who attended her. Reporters have not been permitted to question her at the hospital. One of the letters found on Swayse was addressed to Mrs. A. O. Seeney, of Saginaw, Michigan, warning her not to let her son marry Miss Alverd, whom Swayse bitterly excoriated in the letter, charging her with wrecking his home.

At Miss Alverd's boarding house it was stated that Swayse had been threatening her for some time and that she went to his office to-day to tell him she was married and to finally break with him. It is also stated that Swayse had threatened to write to her sweetheart in the West, supposed to be George Seeney, and tell him of their intimacy and that she went to his office to-day to defy him to do it. A letter to Swayse's wife was found, the contents of which have not yet been learned.

ARRIVED AN TANGIER.

Messrs. Perdicaris and Varley Released by Their Captors.

By Cable to the Morning Star.

TANGIER, June 25, 12:35 A. M.—Ion Perdicaris and Cromwell Varley, who were captured by the bandit Raisuli, have just arrived here. Perdicaris is very much fatigued after his long ride, but says he is glad to get back. He is greatly pleased with the reception accorded him by the townsmen, who met him in great numbers.

The delay in turning over the prisoners was apparently merely a mistake as to the date set for their release.

Both Perdicaris and Varley are much thinner, especially the former, who has aged considerably. Perdicaris was received at his town house by the authorities, the admirals of the fleets and numerous personal friends. His Moorish servants made a great demonstration of joy, kissing their master's hands and clothes. Much credit is due to the two shereefs of Wazan, Mulai Ali and Mulai Hamet.

The French government has decided to send a warship to Port-au Prince to demand reparation for the recent attack on the French minister by the palace guard.

FOUND IN PARIS.

Mystery Concerning Disappearance of Kent J. Loomis Cleared Up.

By Cable to the Morning Star.

LONDON, June 25.—The Morning Leader's Paris correspondent says that the mystery concerning Kent J. Loomis, brother of the American assistant secretary of state, has been cleared up. Mr. Loomis, the dispatch says, "appeared in Paris to-day (Friday) and left this evening on his way to Northeast Africa, accompanied by Mr. Collins, the son of a well known American journalist."

LONDON, June 25.—All the morning newspapers, with the exception of the "Morning Leader," treat the disappearance of Kent J. Loomis as a serious sensation. None of the special dispatches from Paris confirm the dispatch sent by the "Morning Leader" correspondent, which states that Mr. Loomis was seen in Paris yesterday and left last night on his way to Abyssinia. So far as London is concerned, the disappearance of Mr. Loomis continues to be shrouded in the deepest mystery.

The London manager of the North German Lloyd Line is quoted as saying that the matter has become a most serious one, as every effort to locate Mr. Loomis has failed.

SEABOARD AIR LINE.

Plan for Formation of a Holding Company Under Consideration.

By Telegraph to the Morning Star.

NEW YORK, June 24.—A plan for the formation of a holding company for the Seaboard Air Line is under consideration by the banking interests in control of the property. Conferences to that end have been held. It is known that the proposed plan includes the organization of a holding company which will provide a large amount of capital for the Seaboard system. A bond issue of at least $10,000,000 is contemplated.

John Skelton Williams, chairman of the board of the Seaboard Air Line, said to day: "The Seaboard Air Line system is absolutely in need of no further financiering unless it should be decided to undertake works of new construction, improvement and betterment, as to the wisdom or necessity for which there are differences of opinion."

WRECK ON THE N. & W.

Nine Cars Demolished—Train Wreckers Thought to Have Thrown the Switch.

By Telegraph to the Morning Star.

NORFOLK, June 24.—A freight train on the Norfolk and Western railway was wrecked late to-night at Myrtle, Va., forty miles from this city. The train consisted of 42 loaded cars. In clearing a switch, the engine and two cars cleared. It is thought that wreckers threw the switch, causing remaining cars to leave the track. Nine of the cars were totally wrecked. It is thought two men who were stealing a ride, were killed. The train crew were not seriously hurt.

ENGINEER KILLED

Collision of Freight Trains Near Bayview, Va.—The Wreck Burning.

By Telegraph to the Morning Star.

NORFOLK, VA., June 24.—New York, Philadelphia and Norfolk freight train No. 12 north bound and No. 3 south bound collided near Bayview, three miles from Cape Charles to-night. Engineer Henry, in charge of the southbound train, was instantly killed. The other engineer, Joe Palmer, jumped and was saved. No one else was seriously hurt. The wreck caught fire and was still burning at a late hour.

A FATAL FRACAS.

Ed Spivey Shot and Killed Chas. Hilton, Near Adrian, Ga.

By Telegraph to the Morning Star.

ADRIAN, GA., June 24.—At a picnic here to-day Ed. Spivey, of this place, and Charles Hilton, of Vidalia, became involved in a fracas in which Spivey shot and killed Hilton. Spivey claims he shot in self defence. His clothes were cut and a knife was found in the dead man's hands. The trouble was brought about by Hilton occupying a seat which Spivey had vacated for a short time to get some water. Both young men bore good reputations and the tragedy is deplored.

How to Keep Honey.

To keep honey, either extracted or comb, put it where it is dry and warm, even hot. It will not hurt it to be in a temperature of even 100 degrees. If extracted honey is not thick enough tie a thin cloth over the top of the vesse and keep where it is not only warm, but airy, and it will become much thicker. Many housekeepers put honey in the cellar, as honey readily attracts moisture.

How to Make Christmas Lemon Tart.

To make Christmas lemon tart use two cups sugar, one cup butter, six eggs, two lemons, two large tablespoonfuls of brandy, one teaspoonful grated nutmeg. Beat butter and sugar together, add the whipped yolks, the juice of one lemon and the rind of two, the nutmeg, the brandy and the stiffly beaten whites of the eggs. Bake in small pastry shells and use no top crust.

THE LABOR AGITATOR.

Some of the Qualities He Must Possess to Be Successful.

Strikes contribute but slightly to the equipment of the successful labor agitator. The agitator must be thoroughly acquainted with the history of the labor movement and be capable of presenting its aims and aspirations in an attractive and convincing manner. He must possess the ability to think rapidly and to express his views and opinions clearly and forcibly. But, withal, he must inspire those whom he would lead with absolute faith in his honesty. The agitator isn't always an advocate of strikes. He has sometimes to exert his influence to prevent a strike which his judgment tells him would be unwise. It may sound like mixing terms to say so, but it is a truth that the most difficult tasks performed by the labor agitators are their "agitations" in the interest of peace, their efforts to prevent strikes. The man who is always in favor of a strike as soon as one is suggested or who is constantly on the search for a casus belli soon finds his influence as a leader gone.—"The Story of a Labor Agitator," by Joseph R. Buchanan.

Unknowable Russia.

Those who are permitted to speak the open truth in Russia may be counted on the fingers of one hand, and then half of them will be left unused. Why these people are tolerated is one of the secrets of state. Outside of these only those who write works of fiction, which the majority of the people cannot and do not read, are permitted to speak of things as they are. When they exceed the limits of Russian decency and speak too openly, they are given a trip to Siberia at the expense of the government. Siberia is the place where the boldest, the most courageous and most talented products of Russia are put on cold storage.

It is the coldest part of the country, and honest people are sent there when the country becomes too hot for them. When the innocent tourist asks, "Where are your honest people?" Siberia is pointed out to him. If he asks more questions, he is himself sent there. The government objects to questions on general principles. Russia refuses to be interviewed.—B. G. Richards in Reader Magazine.

An Underground Confession.

Women are growing quite embarrassingly frank about the basis and the crown of their charms. On Saturday afternoon a pretty young married woman, with her five-year-old son—so much we could infer—jumped into a first class carriage on the underground. After her came three friends, two girls and a man. "Yes, I'd never be without my wig," said the pretty woman. "It isn't as if I hadn't enough hair of my own. Celia can vouch for that." Celia nodded—we all looked for Celia's nod. "Why, the other Sunday we were lunching at Wimbledon, one of those damp, muggy days. Margaret was there—with her fringe all over her eyes. Mine was all right, and yet Margaret has a maid and I haven't. I've worn a wig for three years, and I don't care who knows it." The rest of us—strangers—held our breath till the tale was told.—London Chronicle.
